“a *cut* ABOVE
the BEST”

Change THE WAY YOU trim trees.

Introducing the LimbSaw, a tree trimming attachment that mounts directly to the front end loader of your tractor, skid loader or backhoe. This commercial-grade chainsaw attaches easily to a receiver on the back of your front end loader or bucket and connects to your tractor's auxiliary hydraulics. The unit comes with an eight foot mast that can reach limbs **18 to 20 feet** when attached to an average loader. The LimbSaw attachment folds into a convenient transport position and at only 86 lbs makes it easy to remove and store in your shop or garage.

Safe. Fast. Easy TO USE.

Using hand-held chainsaws, bow saws, or pole-saws while standing in the bucket of a tractor or ladder is simply an accident waiting to happen. The LimbSaw drastically **reduces the risk of injury** by eliminating these common practices. **Limbs fall in front of the loader** while you sit in the safety and comfort of your tractor seat. In addition, the danger of **chainsaw kickback is virtually eliminated**. And the ability to reverse the motor can provide needed help to back the saw out in case of a pinch.

No More

- LADDERS
- LIFTS or BUCKETS
- HAND SAWS
- HAND HELD CHAINSAWS
- POLE PRUNERS

Besides the obvious safety advantages, with the LimbSaw **one person can trim an entire tree in just minutes!** You have to see it to believe it. Visit us on the web at www.limbsaw.com to see just how much time you can save with the LimbSaw.

FAST

DURABLE

AFFORDABLE

Durable & Affordable

For unsurpassed durability, the LimbSaw's extension arm is made from **heavy-duty square tubing** that is double-walled at the cutting end. While most chainsaw bars are laminated, the LimbSaw's chain bar is made from a **single piece of hardened alloy steel**, and is laser cut for precision. Kickback is not an issue with the LimbSaw because each saw is equipped with an **aggressive chain** that utilizes each and every tooth for maximum cutting power.

850 lbs of weight is no match for the LimbSaw's solid-steel frame

If you have ever paid to have a tree trimmed by a professional, you know how costly it can be. The LimbSaw **pays for itself** in no time and will **save you thousands of dollars** in the long-run. Stop wasting money paying someone else to trim your trees. Get a LimbSaw and start saving today.

- Mounts directly to front end loader of your tractor, skid loader or backhoe and is easily attached by one person
- 5,000 RPMs means incredible cutting power
- Quieter, safer and easier to use than hand held chainsaws
- Reversible motor helps back the saw out of a pinch
- Equipped with a self-oiling system
- Easy-access, built-in chain tensioning system
- Trims limbs up to 8 feet higher than your loader can reach
